MARQUETTE HIGH SCHOOL

'78 BLAZE

WHAT'S ON?

RE-RUNS OF '78

Lights! Cameras! Action! "We're on the air," brought to you live from Michigan City's own Marquette High School. As you see, the production of the '78 BLAZE is begun. The natural scene to be captured is set as the first day of the 1977-1978 school year takes its place and is followed by the rest of the year.

We, the BLAZE staff, have begun the year by converting ourselves into producers, cameramen, script writers and other personnel necessary for portraying the television theme we chose for the yearbook. This is done in order to gather a memorable program of the year that could continually be shown and remembered.

As the cameramen willingly take their positions in an attempt to capture all important moments to make complete the story of the year, the script writers and producers (editors) are gathering notes of all the happenings in order to successfully record important times, places, and people, and present them as they originally were during the year.

As far as the BLAZE staff is concerned, each person included in this book should be considered a TV star. Without each person's contribution to the school and year, the book would be a worthless task.

Being a student among hundreds of others, it is often difficult for some to realize their individual role. Specifically the unique role they have in their school and community. Included in each person's role must be an ambition to achieve true education.

The true education which is strived for here at Marquette, is seeking the development and the formation of the individual person. This is with respect to his ultimate goal and also with respect to the good of American society which, as a member, each student shares in the responsibilities of now and will share as an adult.

Let us look on now, and see the school year of '78 "RE-RUN."

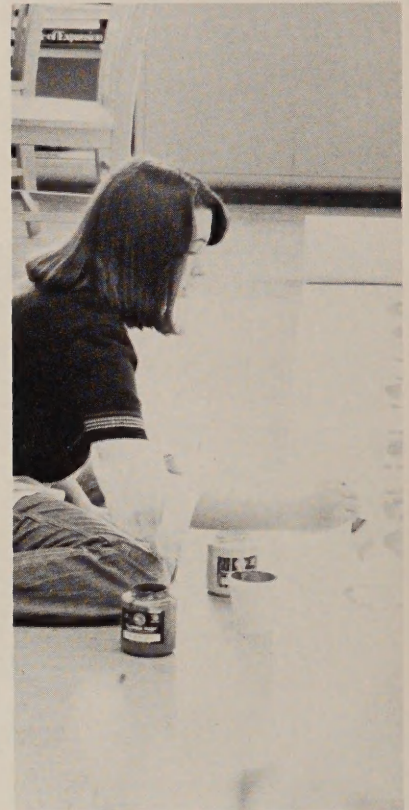

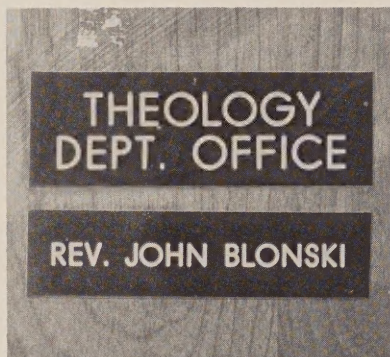

School Year Begins

When August is nearly at its end, for most Marquette students, images of back-to-school days become focused into clear pictures.

At Marquette, it is traditional to begin each new school year with a Mass, usually organized by the Student Council. This year, Bishop Andrew G. Grutka, head of our Gary diocese, made a special visit to our school to participate with us in this first of the school year Mass.

Write it on your heart that every day is the best day in the year. He is rich who owns the day, and no one owns the day who allows it to be invaded with fret and anxiety. Finish every day and be done with it. You have done what you could. Some blunders and absurdities, no doubt, crept in. Forget them as soon as you can, tomorrow is a new day; begin it well and serenely, with too high a spirit to be cumbered with your old nonsense. This new day is too dear, with its hopes and invitations, to waste a moment on the yesterdays.

The Marquette soccer team's new coach, Bob Seese, lead the team to victory and gained them recognition. It was the first time a soccer team played under the lights at Ames Field. The fans cheered the team to their best record, 6-7-1.

Two new students at MHS, Steve Braun and Paul Paslaski,

were a great asset. Seniors Don Koehler and Craig Brown supplied the team with experience. Goalie Tom Godfrey held down the opponents score with his exciting saves. Underclassmen John Hicks, Brian Torrijas and other improving players make the future look bright for the soccer team.

The Blazer Cross Country team, composed of almost all underclassmen, used this year to gain experience for next year. Ralph Lies was the only senior to return this year. He along with juniors Steve Mull and John Lak teamed to give the Blazers some fine performances.

The team improved during the course of the season. A win over South Central and an impressive sectional effort gave them optimism for the future. The runners look forward to next year, especially since nine out of the top ten runners will be returning.

The 1977-78 Marquette volleyball team set records and broke records in their most successful season. For the first time in the school's history, a MHS team was ranked as one of Indiana's top ten high school teams. The Blazers were ranked ninth by the UPI for one month.

The girls broke two MHS girls'

athletic records by having a 14 game winning streak, and a season record of 18-3.

Marybeth Meyer was the team's leading scorer and MVP. She along with seniors Barb Nagle, Mary Wentland and Judi Langley, used their experience to bring the team together for a winning season.

Swimming Separate Teams Build For Future

Although this year's swimming teams failed to win a meet, it was certainly a year of rebuilding for future seasons. This was the first year that the swimming team wasn't coed which was a contributing factor to the outcome of the season.

Newcomer Rob Joyce showed his power as a swimmer and was an added welcome to the team.

Underclassmen, Tom Humphrey, MVP of the boys team, and Barb Roberts of the girls, showed leadership as swimmers and will continue to benefit the teams in future seasons.

The teams are hoping that they can recruit more members for the next season to help them build up their squads.

Upon hearing that the Marquette Girls' Basketball team was winning the majority of their games this year, most people thought they had misunderstood the team's name. But it was true! The team had not won a single game in the past two years. This year there was quite a change. They won their first

game and surprised every one by continual successes. The girls boast proudly of their 9-4 record.

The young team can't wait until next year, especially since their star player, Julie Sopecki, who averaged 25 points a game, still has two more years with the Blazers.

*Cheerleaders
Support to Blazers
Never Falters*

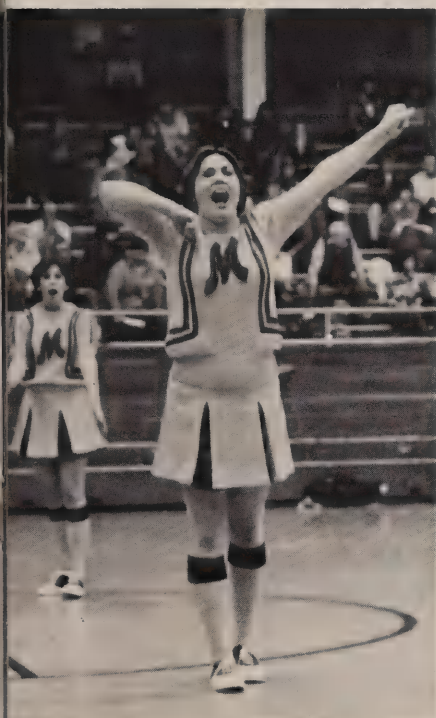

Both the varsity and junior varsity cheerleading squads were successful in raising spirit to show our athletes that the student body was behind them. As in previous years, the girls led the fans in cheering at all the basketball games. They also showed support to the soccer team by cheering at the Satur-

day night games at Ames Field.

The girls traveled to all games with the Blazer's basketball team. Their loyal support was always there, even when the fans weren't. The cheerleaders showed the school what was really meant by the slogan, "Marquette — ya gotta believe!"

Basketball Blazers Provide Exciting Games

Because of inexperience and youth, the Marquette Blazers 1977-78 basketball team did not succeed in having a winning season. They did, however, provide their fans with many exciting games in which the final margin of defeat was separated by only a few points.

Most of the strength of the

team was provided by underclassmen, with seniors adding the stabilizing factor. Junior Todd Pilarski achieved an impressive feat by scoring his 1,000th point in the sectional championship game.

With six regulars returning, next year's season will definitely be one to look forward to.

Basketball Team Plays In Finals

The Blazers reached the climactic point of their season by defeating Westville in the semi-final game of the sectionals. The win sent the Blazers into the title game for the first time in ten years. The Blazers put forth a spirited effort although they were not able to obtain a victory over Elston.

Tennis Records Improve

The boys tennis team ended a difficult but well fought season by winning five of their last seven matches to close with a 6-8 record. Senior Andy Groen, along with junior Randy Kuhn provided good singles play during the season.

The best record was accredited to the doubles team

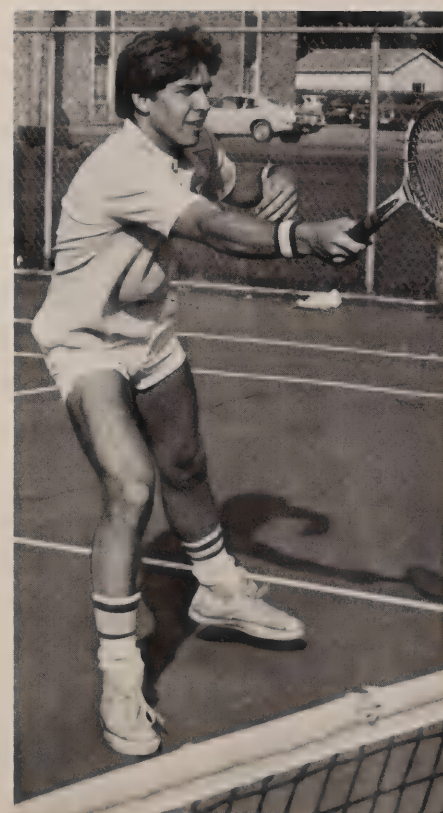

of Pat McDonald and Roger Smith which was a record of 8-5.

This year the girls tennis team achieved their best record ever of 6-5. MVP Gretchen Sandin # 1 singles player led the team with a spectacular record of 11-2. The #1 doubles team consisted of newcomer Betsy Ham and Mary Beth Burgess with a record of 10-3.

Although the spring of 1978 was cold and rainy, first year coach Doug Bobillo and the Blazer track team managed to finish the season with a 3-7 record which tied the record for the most wins in a season. That record wasn't broken, but the tracksters did manage to set

four new school records. This was accomplished by Mike Higgins in the pole vault, Kip Hurley in the high jump, and Pete Batacan, Steve Mull, Todd Pilarski and Paul Paslaski in the mile relay.

Hurley set his record at the Gary Regionals. He was the first

Marquette runner to participate in the regionals since 1971.

Golf Both Teams Play Well

The girls' golf team did surprisingly well this year even though there was no upperclassman on the team. MVP Carolyn Woodruff along with fellow Junior Kathy O'Keefe were the only returning letter winners. The golfers look forward to next season because of the experience that they have gained.

The boys finished their season

with an 11-7 record which was quite an accomplishment after losing four varsity players to graduation last year. The number one player, Tom Godfrey, was awarded the MVP trophy for his consistent play. The four returning lettermen hope for an equally successful season next year.

A slide into home base by Senior Judy Langely assured the team of their first victory. The defeat was against Elston, the same team the girls had lost to previously. The girls showed enthusiasm to win the game and carried it through. The young team is composed of a majority of freshmen. Top players include: Cindy Pfauth, Michelle

Beres, Mary Miltenberger, and Mary Wiegand. This year's team was better than ever and with more experience, our softball team is going to be ready for an even brighter season next year.

Although the 1978 baseball team did not post as many wins as they did last year, they did have a more balanced team. Three of the players had batting averages of .400 and four others averaged in the high .300's.

Even though they played many of their games in rainy weather, they still managed to finish the

season with an impressive record of 16-7-2.

One of the biggest victories of the season was the 10-9 win over Elston. This was the first time that Marquette ever beat this cross town rival. An equally exciting game was played against Rogers. Although a vic-

tory wasn't gained, neither was a loss as the game ended in a 4-4 tie.

Student Council president, Judy Langley and the many other enthusiastic students who have taken part in school government have once again sponsored many exciting events for MHS. These included the traditional Sadie Hawkins dance, Christmas ball, tubing parties and Spirit Week to mention a few. This year there was a revival

of the Sanctions and Service committee where many duties were handed down and made into departments to make Student Council even more efficient. Along with being an activity instigator, they serve as go-betweens for teachers and students, uphold the principles of the school through leadership

and also encourage participation in civic duties and services.

The Class Officers kept their respective classes active with many fund raising projects and just plain old fun trips. More important is that these students brought their classes together so that they could experience strong unity.

Activists Encourage Action

Science/Honor Society/ Chess “In Search of . . .” Skill

Much fame has been brought to Marquette due to the great minds of the Science Club. Guided by Mr. Christakis the group does research in contemporary science issues in hopes of contributing useful knowledge to certain causes. They have entered and won many science fairs, one of which enabled Mr. Christakis, Anne Pfauth, and

Ann Kintzele to travel to California with their projects.

The task of making the grade is a difficult one, but members of Honor Society have proved it can be done. They also set examples in leadership, service and character.

Chess is a game of competition which requires concentra-

tion and skill. Under Mr. Steiner's leadership, the group has mastered many clever moves which they practice in inter-school competition.

QUEBEC

A group of students went to Quebec one time
And it is about that trip that I write this rhyme
The time on the train did so very slowly go by
That at times I thought I would rather cry

The one night we spent at the carnival
Could be called anything but dull
The people in the streets had such spirit
You could not help but want to be near it

At the actual carnival, we did not have enough time
Missing out on all that fun is really a crime
The snow sculptures and ice palace were exquisite
It makes you wonder how they did it

The tours we went on were great
The last tour guide we had was top rate
The amount of free time we had was just right

All the things that we saw and did were quite a sight

All in all this trip was the best
By the time we got home, we all needed a rest
This trip to Quebec was really a lot of fun
Oh, Quebec "You son of a gun!"

Blaze Staff Spotlights Marquette

Here we are! The Blaze staff of '77-'78. Through the guidance of Mrs. Kathy Kohn and Beth (Help!), we hope we have "tuned in" the style and mood of this Marquette High school year so that it will be something to value for this memorable year in each of our lives. Our work dis-

plays many long thoughtful hours of planning, discussing, composing, and recomposing our copy, layouts, etc., etc. This year had not been all work, though. We did enjoy banquets, a journalism workshop and fund-raising activities. But our main

aspiration was to "produce" the most momentous year book ever!

Student Power Incorporated members led by President Jim Bergan operated with the outside help of Mr. Retseck, to aid MHS financially and also involve MHS students. Among the diverse fundraising projects sponsored were Sport lotteries, Movies, Newspaper drives, an Art contest where students could

draw a cartoon of their "favorite" teachers plus many other benefits to aid MHS now and in the future.

The Mission Club, this year supervised by Miss Tadevic, included all MHS students. Together, by giving weekly on Tuesdays which was mission collection day, students learned the

importance of self-sacrifice in order to give to those less fortunate, even though it may have taken a little prompting from the Mission Mascot. One project of the Mission Club was the preparation of food baskets during the Christmas Season which were distributed to needy families throughout Michigan City.

The Photography Club worked independently, tending to the photo needs of the "Marque" and "Blaze." Photography editor Paul Kmak along with others devoted many hours in the dark-room to bring out the best in events of the Marquette school year.

Big "M" 's Keep Gang Rolling

Keeping MHS informed was the task of the Marque news staff. Publishing six full issues, guided by editor Jane McGee, the staff has provided Marquette with reports of past and future events. The Marque is also an outlet for the staffers and the other Marquette students to display their artistic writing abilities and their opinions.

Besides being an outstanding athlete in any sport, The Monogram Club members have held many fund-raising projects to raise money for the athletic program. Among some of the activities was the pancake and sausage breakfast.

Talent “That’s Entertainment”

The Drama Club put on two one-act plays in which students Jill Johnson directed “Red Carnation” and Jane McGee directed “Impromptu.” These successful productions were presented to audiences of the public and MHS.

Acting was not the only part of the Drama Club. Stage crew under the management of Mr.

Steiner with many energetic students redecorated the stage settings for this year's spring musical "Camelot."

Instructed by Fr. Blonski, Marquette Singers have provided delightful listening entertainment for the community as well as MHS by wonderful selections of modern and classical pieces.

Their musical entertainment was accentuated by choreography.

Learning by doing is the purpose behind clubs and organizations. They give students a break from regular classes and place more emphasis on participating while having fun at the same

time. The teachers deserve a great thanks for devoting time out of school in "directing" students on to the path of becoming responsible adults and giving them a better outlook on life.

Faculty Stimulates Student Interest

The Faculty at M.H.S. offers many different fields for students to choose from. Along with the superior knowledge they give, a personal touch is added to give students an education of the highest degree.

CLOCKWISE FROM LEFT: Sister Fedelia, Sister Juletta, Father Blonski, Father Staniszewski, Mrs. Howe, Mr. Steiner, Mr. Novak, Mr. Donoghue, Sister Siobhan, Mr. Kavaliunas, Mr. Bellefleur, Mr. Buzzanca.

Faculty Helps Students of M.H.S.

Because of the size of Marquette, the Faculty is able to advise and help every student at M.H.S. with their problems. To the students, the guidance and advice they receive is invaluable in planning their future.

CLOCKWISE FROM LEFT: Mr. McGill, Mrs. Kowalski, Mr. Bobillo, Mrs. Luce, Mr. Prorok, Mrs. Christensen, Mrs. Dwan, Mrs. Betz, Mrs. Kohn, Ms. Mitchels, Miss Tadevic, Mr. Christakis.

Aid Through Communication

"Communication. The word creates many avenues of thought: its practice, many ramifications. At Marquette communication means sharing and takes on aspects of our television age. In its good sense, television carries us beyond ourselves to the other, the other at home and in worlds we may never see. Worth-while programs stimulate our thinking

about what we can do for the betterment of mankind. The Marquette student who sees the suffering of others and the need for concerted action to remedy the causes cannot remain passive. The discerning Marquette student learns to sift the mass of television verbiage and portrayal in order to retain what is truly valuable. Communication learned through television and

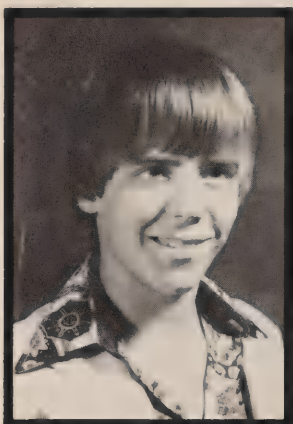

other media is an important facet of learning to the Marquette student, who then shares what he has learned and be challenged to deeper learning; for knowledge acquired at Marquette is meant to be shared. Derived not only for Christian development and formation of the individual but also as a means of cooperation with others so that genuine peace, unity,

and prosperity may be promoted. This is the philosophy of MHS."

Juniors Class Interest Excels

This year the junior class was one of great achievements. Record success in Junior Concession showed a total effort by the class of 1979. Planning the Prom, and helping to fix-up the lounge also kept the class busy. Next year will be a great one for the class of '79.

Mixer/Sadies
Seniors Tune-in
Freshmen

This year, to introduce the Freshmen into Marquette, the Seniors held their annual initiation. To celebrate the occasion, they used whipped cream and all kinds of other goop.

It was slopped everywhere. Before the ordeal was over, everybody was laughing and the Freshmen were already contemplating how they would welcome

the new freshmen class in four years.

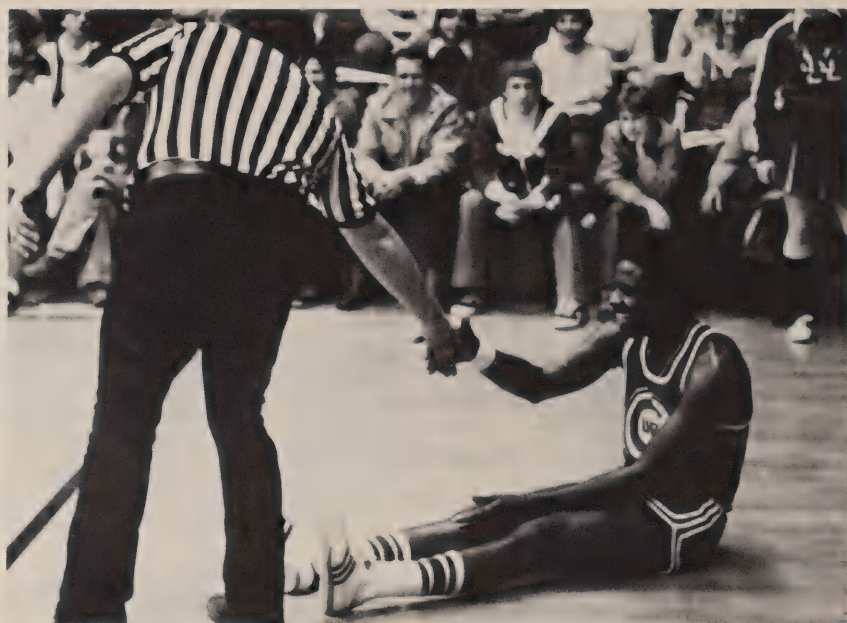

The Sadie Hawkins Dance, Marquette's annual girl-ask-boy dance, after months of preparation, was put on in the autumn of the year.

It was all sparkle and excitement, and will probably remain in the minds of all who attended for a long time.

*Cubs — Faculty
Special Sports Event
Takes Place*

On November 22, 1977 the Chicago Cubs baseball team changed their sport and came to the Elston gymnasium to play basketball with our star teachers and some extras.

The gym was packed full of people. It was all very exciting, especially the score which was a

close 72-71.

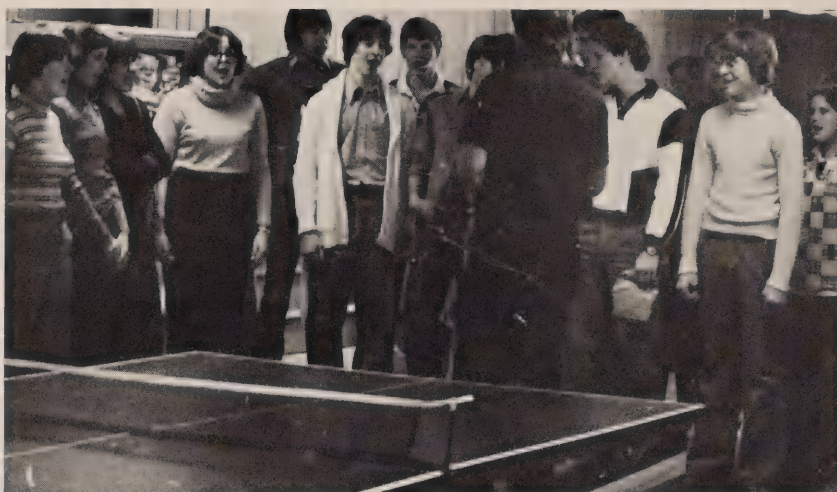

Even though the teachers didn't win, our athletic teams came out ahead.

After the game, the Cubs signed autographs and also had their pictures taken with fans of all ages.

Dancing, Skating Ping-Pong, MHS Bandstand

After some basketball games, different clubs organize dances. The dances give everyone a chance to calm down but keep their spirits up. They also provide everyone with fun.

Every so often, Marquette Student Council gives a skating party to break the monotony of every day school work. Some students

show their skating talents by staying on their feet, while others have a habit of falling and making traffic jams.

At the Thomas David Retseck Pong Open, half of the student body tried their skills at ping-pong, but only one will be champ by the finish.

Christmas Activities

Christmas With

MHS

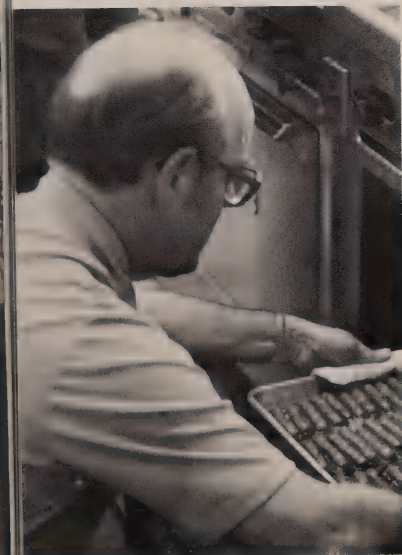

This year, to launch off Christmas activities, the drama club presented two one-act plays, "Impromptu" and "Red Carnation." Each lasted for a little while and were thoroughly enjoyable.

The next activity during the week was a teacher given pancake breakfast.

All the teachers got together and did all the cooking, serving and setting. Santa even paid a visit. The Christmas spirit ran high all through December, with the decorating of lockers, Christmas baskets and money given to the poor. Then preparation for the Christmas Ball . . .

Christmas Ball T'was Days Before Christmas

T'was a couple days before Christmas, when all through the cafeteria, everyone was stirring. There was a mass hysteria.

The wreaths and snowflakes were hung with care, and dim lights filled the room with a soft glare.

All couples danced to their hearts delight, and were saddened by the fact it was such a short night.

But still they have memories to have and to hold, until the next Christmas season comes with the cold.

Spirit Week Challenge of the Classes

This year's Spirit Week was full of spicy pep. Every student did their part to keep the festivities in great excitement.

To receive this year's "Spirit Stick," each class competed in various games. For instance, banana eating which was really sloppy and egg throwing, which kept the students participating

very alert.

Then there was, of course, the famous obstacle course that in itself was very competitive and tiring for those participating in it.

Next was the tug-o-war. The girls from each class fought against each other, while the boys did the same. It was very

difficult since there was ice still on the ground.

Last, but not least was the talent contest, which featured each class doing their own thing.

Spirit Week MHS Special

Spirit Week wasn't all competition, it also included days which were used to dress-up. To start off the week, everyone dressed up in fancy clothes. Tuesday was turned completely around by slob day. Also included in the week was sports day, where students dressed up in uniforms for

baseball, boxing and even football. Thursday was hat day. Walking along the halls you could see a variety of hats, from floppys to lighted ones. Friday was used as class colors day; Freshmen wore gold, Sophomores, white, Juniors, light blue,

and last but not least, the winners, Seniors wore dark blue.

Spring Musical Masterpiece Theatre

This year's play was "Camelot," the mythical place that seems real in every way, especially on the Marquette stage. The actors and actresses showed their true talent throughout the play.

Camelot is about the sometimes funny adventures of King Arthur, Guenevere, and Lan-

celot. The conclusion separates the three, and as Arthur is about to give up hope of his kingdom and his knights a little boy encounters him in the forest and explains how great it would be to be a knight of the round table. The little boy is made a knight by Arthur, and the king once more sees a glimpse of hope.

This year to celebrate the coming of spring, Marquette featured a dance. It was opened to all and turned out great.

Everyone who attended showed signs of spring fever, and all forgot, momentarily, the blizzards that had recently been with us.

Marquette is formed through the efforts of many whose accomplishments cannot be numbered. During the 1977-1978 school year, Marquette students have gained recognition while representing Marquette as groups and also as individuals.

Prom
Fiesta Mexicana
Part-I

Pinātas, sombreroes, and palm trees, along with posters of Mexico brought out the theme of this year's prom — Fiesta Mexicana.

The Juniors, as is traditional, thought of the theme and decorated to the decor of Mexico.

As the evening progressed,

the pināta was broken (with one try) and candy was scattered all over.

Pat McDonald and Jane McGee were elected to be King and Queen, while Bob Clancy and Kim Daher reigned as Prince and Princess.

*Prom
Fiesta Mexicana
Part II*

The MHS Prom took place on May 12, 1978.

The Canterbury was all lit up and everyone was filled with excitement, as each couple proceeded onto the dance floor.

The band, Soul Relations, provided the promgoers with entertainment and a beat that carried

them into what seemed like a short evening.

The Post-Prom was held in Grand Beach given by the Parent's Guild. Music was provided by Optical Illusion.

Memories will last forever and ever, not only in fading pictures or pressed flowers, but also in

the minds of everyone.

Senior Follies
Seniors Display
Memories of MHS

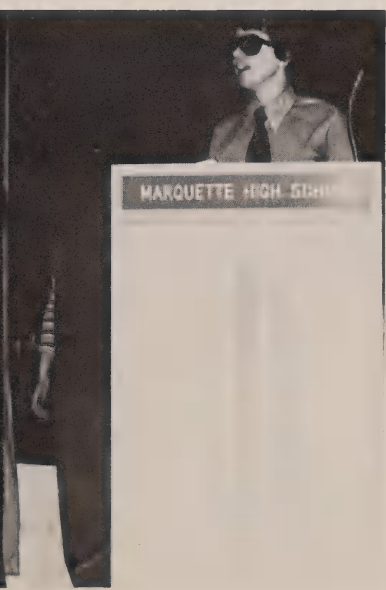

This year, for Senior Follies, the seniors portrayed the classrooms of various teachers as they themselves saw them. The teachers saw what the students really thought of them, but of course realized it was all done in

jest. Scenes included Mr. C., and his tennis team, Mrs. Dwan and her guidance counseling, and Sr. Dorothy with her famous saying, "three times and it's yours."

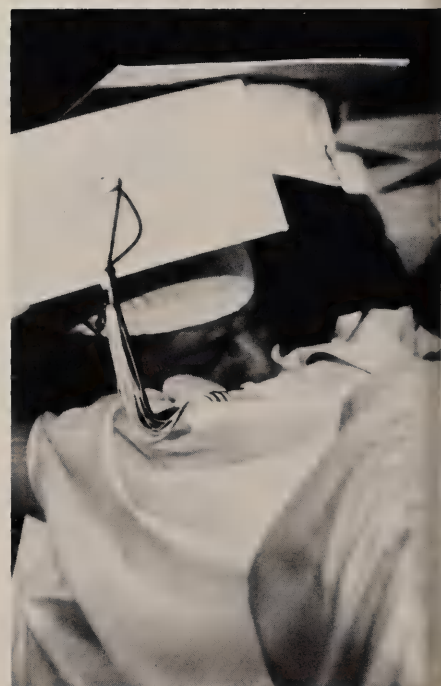

The graduates of '78 will surely be remembered.

Four Memorable Years*

The class of 1978, graduated on May 20, at Queen of All Saint's Church.

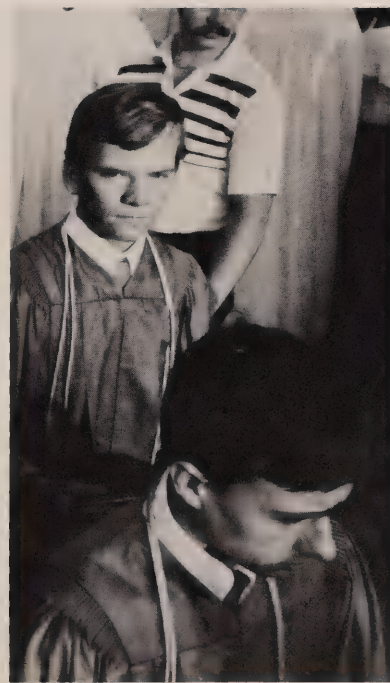

The Baccalaureate Mass was concelebrated between the four parish priests.

Parents, along with friends and classmates, helped to share this momentous occasion with

the graduates.

Good Luck, Graduates.

*Jr. Olympics
Students Celebrate
End of School Year*

Nice weather shined on the 1978 Junior Olympics, which was held on the Washington Park Beach.

Hot dogs were cooked to perfection, and games of volleyball and frisbee throwing could be seen.

One of the highlights of the

day was when certain people got together and threw another beloved classmate into beautiful (and warm?) Lake Michigan.

This event lasted all day and some even stayed into evening, enjoying the warm sun mixed with a cool breeze.
